Dear Parents / Carers,

Learning from home just got more exciting with Discovery Education Espresso!

We use Espresso in school to help motivate, engage and support learning in the classroom. Now your child can continue to enjoy what they have been doing at school, and you can be involved in their learning at home.

About Discovery Education Espresso

Espresso is an online cross-curricular service that provides video-rich resources to schools throughout the UK. It contains thousands of videos and multimedia activities, as well as a weekly news service — all designed by teaching professionals.

To access espresso visit the following website:

www.discoveryeducation.co.uk

Login details have been attached in your child's reading record.

Your child should already be familiar with Espresso. They could show you how they have been using it in class and how to find resources. Once you are familiar with the service, you and your child may like to explore Espresso's modules or the Home learning area. Specifically designed for home use, it includes easy-to-follow Learning paths and specific curriculum objectives.

We hope you will find Discovery Education Espresso useful as a resource to extend your child's learning. If you have any further questions about how to use the service, please speak to your child's teacher.

Kind regards,

Miss Seddon
(ICT Co-ordinator)
