REGISTER OF PERSONAL, PECUNIARY OR BUSINESS INTERESTS 2017 - 2018

Register of personal, pecuniary and business interests

All governors have a responsibility to avoid any conflict between their business and personal interests and affairs and the interests of the school. Each governor is required to declare their interests and the interest of any of their relatives to ensure openness and transparency in the governing board (GB) decision making and complying with the 7 Principles of Public Life and particularly,

Integrity: Holders of public office must avoid placing themselves under any obligation to people or organisations that might try inappropriately to influence them in their work. They should not act or take decisions in order to gain financial or other material benefits for themselves, their family, or their friends. They must declare and resolve any interests and relationships.

A register of business interests must be maintained for all governors and the school should keep a copy of each governor's individual register. These must be available on request for inspection by the city council, governors, staff and parents. The registers should also be available for inspection during routine audit visits by the school's auditors. They must also be published on the school website and should be easily accessible.

Examples of business, pecuniary and other interests of the governor or any of their relatives that should be recorded include:

- employment
- company directorships, business partnerships, self employment and significant shareholdings (defined as over 2% of shares in a quoted company or 10% in a private company);
- positions of public responsibility;
- working for an organisation that may quote or carry out work for the school or provision of extended services;
- owning or having at least a 10% share of a private company that may carry out work for the school for example, a local builder;
- if you are the leader of voluntary organisation using the school facilities;
- if you are a member of a parents group using school facilities;
- if you are related to a member of staff or a governor at the school;
- any business or pecuniary interest of relatives and other individuals who may exert influence on a governor;
- if you are a governor on another governing board or an academy trustee;
- if you are a member of any external organisation (including charities and voluntary organisations);
- any financial interest or non-financial interests (such as kinship, friendship or membership of an organisation) which could be perceived as potentially affecting judgement or give the impression that a GB member could be acting for personal motives.

Governors should err on the side of caution and declare an interest if they are not sure of its relevance.
